

Teacher notes

Find someone who

Language point

Was / were

Aim

To practise past simple tense (was / were).

Activity

Students ask and answer questions to complete a "find someone who" questionnaire.

Organization

Whole class.

Preparation

Make enough copies of the questionnaire for the number of students in your class.

What do I do?

- 1 Hand out questionnaires.
- 2 Students read through the questionnaire and think about the questions they need to ask.
- 3 Students mingle, and complete the questionnaire by writing students' names in the box if they answer "yes".
- 4 The objective is to find at least one "yes" for each question.

To develop fluency, encourage students to expand on their answers, rather than just answering "yes" or "no".
